Probation by Provo, BYU...

Boys Guilty of 'Swastika' Charge

Brigham Young University students were charged with "defacement of property" in connection with the swastika paintings which were placed on the wall of the Provo City.

THREE Provo youths, Myman Berg, 18, 47 N. George Brimhall, 18, 850 East; and Warren 18, 1351 N. 300 West, were charged on six months probation by Judge Joseph R. Mc-

on for the trio will be restitution within one month damage done. Provo will announce Monday

what restitution is necessary. BYU ALSO PUT the three youths on probation. President Ernest L. Wilkinson and Dean Wesley P. Lloyd said Saturday the students "have been placed on disciplinary probation, after making voluntary apologies to the BYU student body and townspeople."

The university statement continued, "After an investigation we have found no evidence of any anti-semitic feeling on the part of these students."

"AS PART of their probation they will pay with their own money the cost of removing the defacement from university buildings and where the stain re-

mains they will be required to refinish or restore brickwork."

"In full recognition of the need of proper understanding of the seriousness of the Nazi move-

ment and the meaning of the swastika, the university will require the students to report to two members of the university faculty, one from the Political Science Dept. and one from the Sociology Dept., who will conduct with them an intensive and conscientious study of the history of Nazism and its effects on western culture."

"FURTHER, while on probation, any student who in any way disregards the regulations of the university will be subject to further discipline and possible suspension."

The three students stated in their public apology that they "were not aware of the serious implications that might follow" when they painted the swastikas and anti-semitic slogans.

"WE HAD NO feeling of racial prejudice and no intention of bringing discredit to our student associates, to Brigham Young University or to the community," they stated.

The youths said they had learned a valuable lesson from the experience and said "we will not be involved in anything of this nature again."

Arizona Prepares Way For Purchase by BYU of Tract Near Phoenix

by Larry Day
Daily Universe Editor

Plans are underway for the purchase of 259 acres of land in Phoenix, Ariz., for the establishment of what will be "presumably a branch of the Brigham Young University," according to BYU President Ernest L. Wilkinson.

IN AN INTERVIEW with the Daily Universe, President Wilkinson said that the Arizona State legislature must vote to put the land up for public auction under the Arizona constitution. But that they had agreed to sell the land and are putting legal machinery into operation to place the land up for sale.

The new college would be "presumably" a branch of BYU rather than being a separate junior college, Dr. Wilkinson said.

Budget Predicts '60 Prosperity, Large Surplus

WASHINGTON, Jan. 18 — (UPI) — President Eisenhower sends to Congress today his \$79,800,000 government spending budget for the year which begins July 1.

THE PRESIDENT's annual budget message was expected to picture a fat \$4,200,000,000 treasury surplus—the biggest in 13 years—on June 30, 1961, qualified by some big "ifs."

If forecasts of a prosperous year for the economy hold up... if government spending can be kept in check... if a reluctant Democratic congress goes along with some proposed tax hikes.

BUT REPUBLICAN National Chairman Thurston B. Morton said yesterday Eisenhower would be lucky to wind up with two-thirds of the huge surplus he expects. Morton said the surplus probably would not exceed \$2,800,000,000 even if Congress holds spending to the proposed level.

Besides the spending and surplus figures, Eisenhower predicted that government revenue in the next fiscal year would climb to \$4-billion dollars.

WHILE ON AN extended business trip to the East recently, President Wilkinson interviewed prospective faculty members in Washington, D. C., and conferred with officials of the Federal Bureau of Education.

He also attended a conference at Air Force Reserve Officers Training Corps headquarters in Montgomery, Ala., along with other university presidents. At the conference Dr. Wilkinson made motion that an advisory committee of university presidents be set up to cooperate in the AFRC/C college program. The motion was passed by the assembly and subsequently approved by the Secretary of the Air Force.

THE BYU president also traveled to Detroit where he conferred with officials of an automobile manufacturing firm and BYU motion picture department personnel. Purpose of the conference was to arrange for sale of a proposed film on "National Fitness" to the auto firm. The film would be made by the Brigham Young University motion picture department under direction of Wetzel Whitaker.

WHEN ASKED about recent news articles stating that the Church of Jesus Christ of Latter-day Saints would be asked to sell the Forest Dale Country Club tract back to the city of Salt Lake, Dr. Wilkinson said, "You can say on good authority that the Church will not resell the land."

Utah Orchestra Appears at Y Thursday Night

The Utah Symphony Orchestra, with young American pianist Leon Fleisher as soloist, will perform Thursday as a feature of the Brigham Young University-Community Concert Association.

THE CONCERT is scheduled to begin at 8:15 p.m. in Smith Fieldhouse. The orchestra will be under the baton of Maurice Abravanel.

Fleisher will be featured in Schumann's "Concerto for Piano and Orchestra in A minor." The orchestra also will perform "Hymn and Fugue Tune No. 3" by Henry Cowell and "Symphony No. 2 in E minor" by Rachmaninoff.

ARRAVANEL, who came to Utah 13 years ago to take over the Utah Symphony Orchestra, is responsible for the spectacular growth of the organization. It has become recognized as one of the fine major orchestras in the United States, a reputation achieved largely with native talent.

The maestro has also conducted many orchestras in his studio throughout the world, including the New York Philharmonic, the NBC Symphony, the Berlin State Opera, the Paris Grand Opera and the Berlin Philharmonic Orchestra.

Blood Drive Nets 477 Pints; Nilus, Brigs Given Trophies

Brigham Young University students proved to be more than their blood than Blood Drive sponsors expected. Corps, in charge of the Drive, on behalf of the S OF BLOOD came "pouring" in to exceed the quota and set a new record at 477 pints. There were 2 rejections out of a possible 566 possible donors. During two days, 289 pints of blood were collected and by all but 70 had been put to medical use.

The holidays because of scarcity of blood which premium from performing surgery.

THES WERE awarded to Nautilus and Brigadier a for having the highest percentage of blood donors, with membership of 40 and above, reported a total of 30 donations. Alpha Phi Omega took second place with 20 out of 40 donations. Below membership group, Brigadiers consisted with 60 per cent of its members donating—15 out of 25 members. Runnerup was Tokalon social 14 out of 35 members donating.

Tutoring Group Offers Sessions For Dorm Men

Special help sessions have been offered by the tutoring service to all men in BYU dormitories, to include small classes at special rates.

INDIVIDUAL tutoring is available for all classes at \$1.50 an hour. Other group sessions of three to five students may be arranged at 50 cents an hour.

In addition to this, some 50 students from Alpha Lambda Delta and Phi Eta Sigma are offering their services free to those who need help and would be unable to receive it otherwise. Those interested may call the Counseling Service at ext. 2061.

CHEMISTRY, open to students enrolled in 100, 104, 105-107, 111-113, 220 and 221 is offered for \$4 for four weeks with two sessions per week. Price or the balance of the quarter is \$8. The first session will be held Wednesday, Jan. 20 at 1 p.m. in Chipman Hall study area on second floor.

Math 101, 111 and 112 will be taught today and Wednesday at 7 p.m. in David John Hall study area on second floor. Price is \$8 for one quarter.

Three Y Freshmen Apologize For Swastika-Painting Incident

Three Brigham Young University students submitted a written apology to the studentbody for their part in the painting of swastikas on buildings in Provo and on the BYU campus. The text of the apology by the three, George Brimhall, Tom Berg and Warren Marshall follows:

We are grateful to the "Universe" for giving us this opportunity to apologize publicly for the association we had in the group that painted swastikas throughout the Provo area this past week.

We were not aware of the serious implications that might follow. We had no feeling of racial prejudice and no intention of bringing discredit to our student associates, to the Brigham Young University or to the community. We are sorry for what has happened. It is our sincere desire to make restitution for the property damage that was done, and we hope through this apology that the public will understand our sincere feeling of regret with reference to this thoughtless act.

We have learned a valuable lesson from this experience and assure you that we will not be involved in anything of this nature again.

Students Destroy Grass To Save Nine Seconds

There's a well-beaten path, across the lawn just south of Smith Family Living Center. By taking this path, one can save

less than nine seconds walking time.

THIS IS AN example of the Associated Men Students Keep Off the Grass committee's statement that the time a "relik" saves by cutting across the grass is "negligible."

A relik is, according to the committee, a person who willfully cuts corners and walks across lawns. He is a person who "does his best to kill the grass." IN ORDER to do away with relikes, the committee has started a "Don't be a Relik" campaign. They have said that they would like everyone to remind any relik he sees to "Get Off the Grass."

A statement from J. Carl Morrison of Physical Plant Dept. to Martin Rasmussen of AWS gives the scientific reasons for those relikes who want proof.

MORRISON said, "Turf will survive considerable use during the growing season, and our lawns are for use as well as for appearance—but they should not be used as walkways, since continued traffic across the same area will wear a trail.

The blades become broken, the roots become unable to send up new shoots and the grass dies out."

MORRISON said, "Turf will well-established lawns (of about three years) will stand traffic better than newer lawns because they have formed a heavy cushion of top growth and the roots have spread together and descended to "considerable" depth. Newly-planted areas by the two new Helaman Halls "suffered" under last week's treatment—rolling of large snowballs and milling about of groups on the wet snow, Morrison said.

One Maeser Bldg. Burglary Suspect Gives Guilty Plea

PROVO — William L. Cook, 35, 5649 S. 600 West, Murray, pleaded guilty Friday to burglarizing the Maeser Bldg. at Brigham Young University on Jan. 4.

Cook pleaded guilty to a second degree burglary charge in Fourth District Court, Judge Nelson set sentencing for Feb. 5.

AN ALLEGED accomplice, Steven L. Perry, 28, 47 E. 7370 South, Midvale, has been bound over to Fourth District Court. He will appear Friday for arraignment.

The two men were caught in the basement of the Maeser Bldg. on the night of Jan. 4. When they were apprehended by Provo City police and BYU Security officers, a safe in the Cashier's Office had one door pried off and a second was being worked on.

Openhouse Slated by Sponsors

The AFROTC Sponsor Corps is holding its winter quarter openhouse tonight at 7:30 p.m. in Building 24.

"Service" is the Corps' pass-word—service to the ROTC, the BYU and the community. The Sponsors usher at assemblies and other functions and assist in the various studentbody elections. Last week the Sponsor Corps blood drive turned out with a final count of 77 pints more than the quota of 450 set at the drive's start.

Right along with all of this service is a social side too, consisting of such things as ex-changes, parties, talent shows, and climaxing with the Military Ball and dinner-dance.

Sponsors are not obligated to

join any branch of the armed services as some may think. Corps such as the Sponsors are nation-wide.

An Hawaiian theme "Aloha Oae" will prevail at the openhouse. There will be refreshments and entertainment to put everyone in the "South Sea" mood. Dress for the openhouse will be heels and hose.

Mat Dance Change

Mat dances have been changed to Wednesday this quarter, according to the Mat Dance Committee. The dances will be held at 4:30 p.m. in the Smith Family Living Center.

Beta Sigma Theta Plans Openhouse in Helaman Halls

Beta Sigma Theta, service unit, will hold an openhouse Wednesday from 6:30 p.m. to 9:30 p.m. in the David John Lounge of Helaman Halls.

The unit is responsible for publishing the winter quarter address changes to the White Key Directory. The supplement will go on sale this week for 10 cents.

The group was organized last quarter and anyone interested is eligible to join.

Fern Elder is president of the service unit. Other officers include Heien Abbott, pledge vice president; Jeanene Brown, secretary; and Norman Mackey, treasurer.

ENGINEERING AND PHYSICAL SCIENCE MAJORS

Lockheed Missiles and Space Division is engaged in one of the broadest spectrums of scientific exploration in the country. The Division has complete capability—from concept to operation—in more than 40 areas of science and technology.

Areas of work include: metallurgy; sonics; reconnaissance; computer design and development; propulsion and exotic fuels; space physics; hydrodynamics; the flight sciences; space medicine; manned space vehicles; telemetry; electronics; applied mathematics; operations research and analysis; space communications; reentry; design; environmental and flight test.

PROJECTS—Current major projects include the Navy POLARIS Fleet Ballistic Missile; the Air Force AGENA Satellite in the DISCOVERER program; MIDAS; SAMOS; Air Force X-7 and the Army KINGFISHER. PROJECT MIDAS is an early warning infrared system against ballistic missile attacks, based on the use of satellites. PROJECT SAMOS is designed for the development of an advanced satellite reconnaissance system.

LOCATIONS—You have a selection of two of the choicest living areas in the country at Lockheed. Headquarters for the

Division are at Sunnyvale, California, on the San Francisco Peninsula. Research and development facilities are located in the Stanford Industrial Park in Palo Alto and at Van Nuys, in the San Fernando Valley of Los Angeles. Testing is conducted at Santa Cruz and Vandenberg AFB, California; Cape Canaveral, Florida; and Alamogordo, New Mexico.

Together, the Division's facilities occupy more than two million, six hundred thousand square feet of laboratory, engineering, manufacturing and office space and provide the latest in technical equipment, including one of the most modern computing centers in the world.

OPPORTUNITIES FOR ADVANCED EDUCATION—For those who desire to continue their education and secure advanced degrees Lockheed maintains two programs. The Graduate Study Program permits selected engineers and scientists to obtain advanced degrees at the company's expense while working part time at Lockheed.

The Tuition Reimbursement Plan remits fifty per cent of the tuition for approved evening courses for salaried employees who are working full time.

Frosh Demolish Dugway Ten-Down Weber Game

Brigham Young's freshmen basketballers easily downed Dugway, 112-60, Friday but found the going much harder Saturday as they suffered their second loss of the season, 71-67, at the hands of the Weber Wildcats.

Against Dugway, the Kittens really went on a scoring spree as Coach Pete Witbeck cleared the bench. Ten members of the 12-man squad scored, with five hitting in the double figures.

THE FROSH were never threatened by Dugway. Witbeck started Kirby McMaster, Gary Batchecker, Ron Steinko, Bruce Burton, and Jim Kelson. By the half they were way out front, 52-20, paced by Kirby McMaster with 15 points and Jim Kelson with 11.

With 5:50 remaining in the game the greenclads had built up a 59 point lead, 103-44.

Bruce Burton, who was impressive with his rebounds and tip-ins, led all scorers with 20, Kelson added 17, Steinko 15, and Brown 10. McMaster, the Orem southpaw center from Green, sank 8 of 10 from the foul line.

HAMMONDS led Dugway with 22 points while Collins added 11. Saturday the Kittens appeared to be on the road to their third victory in four starts over the top-ranked Weber club but blew a 14-point lead in the second half.

The Wildcats started strong, leading 18-11 with 6:30 remaining in the first half. At this point the frosh began closing the gap with some fine teamwork. They finally took the lead, 32-30, with 1:15 left in the half. At the half they led 34-30.

AS THE second half got underway, the Kittens scored six quick points before the Wildcats could get rolling. Gary Batchecker put the frosh out front, 40-30, with a driving hook shot after 2:12 had gone by.

Cats Lose to CSU, Dump 'Pokes . . .

by Don Roberts
Sports Editor

Tremendous rebounding and shooting by center Dave Eastis and forward Mark Miller Saturday gave Brigham Young a weekend home split and a victory over Wyoming, 73-52.

FRIDAY The Cougars dropped a cliffhanger 53-51 to Colorado State's Aggies.

BYU held a slim 20-27 half time lead against the 'Pokes, who employed a zone defense to try and stop Eastis. The Cat hook-shot specialist had hit 24 the night before and bagged 23 Saturday for a 47 weekend total.

But the second half was all

Cat Malmen Fall to Redskins

SALT LAKE CITY (UPI) — Two University of Utah pins and a late victory helped the University of Utah to an 18-14 win over Brigham Young University in a wrestling meet Saturday.

Both Frank Hankin and Doug Bingham pinned their opponents for the victory. Jim Shepherd of Utah won in a default over Gene Baxter when an injury forced Baxter to retire.

THE RESULTS:

123 pounds—Allan Roe, BYU, pinned Art Galvez, in 4:30.
130 pounds—Doug Bingham, Utah, pinned Lowell Wilkins in 7:30; Jerry Headington, Utah, dec. Jerry Southern, 9-3.
147 pounds—Ted Chamberlain, BYU, dec. Dennis Parry, Utah, 9-2.

157 pounds — Frank Hankin, Utah, pinned Phil Kresge, BYU, in 1:44.

167 pounds—Ron Leckie, BYU, dec. Billy Murray, Utah, 4-2.

177 pounds — Jim Shepherd, Utah, won by default over Gene Baxter.

Heavyweight — Bill Lindsay, BYU, dec. Tim Birch, Utah, 5-1.

BYU as Gary Earnest came off the bench to lead a fast breaking charge that overwhelmed the visitors. The Cats were as hot as dollar pistols as they hit from the field at a 56 per cent pace in the second stanza and 46 per cent for the whole game. The Cowboys could manage only a meager 28 per cent.

Friday found the Cats against the deadly hook of Chuck Newcomb, who canned 23 points. Stan Watts' troops opened with a man-to-man defense and trailed 35-25 at the intermission.

COACH WATTS threw a zone at the Rams and managed to close the gap to the final two-point difference on four consecutive free throws by Eastis. But then the Cats cooled under the pressure and couldn't score on their final five attempts with a minute and a half remaining. The game turned out to be a two-man duel between the well-aimed hooks of Eastis and Newcomb who accounted for nearly half of their teams' points.

Both games attracted nearly equal crowds of 7,127 and 7,143. **WHILE** the Friday night affair was a hard-fought even contest in almost every category, the Saturday contest was just the opposite. The Cougars managed to grab 64 rebounds compared to 46 for the Laramie quintet. Mar Miller came within five of tying John Benson's fieldhouse record for rebounding with 21 snafus.

Often the Cats caught the tall-

er Cowboys off balance their added hustle on the weekend split. Cougars with a 2-1 mark and a 5-9 over BYU is presently first in the standings but Utah is second.
